RE: ACTIONS OF THE BRITISH COLUMBIA SECURITIES COMMISSION / FINANCE MINISTERS OFFICE

Dear Mr. Horgan,

My name is Rodney Wharram and I would like to take a moment to openly discuss a travesty that is currently happening at the *British Columbia Securities Commission* ("BCSC"). I have tried diligently to get answers directly from the BCSC; and then politicians who are responsible for the actions of Staff at the BCSC- but have got little to no response from these people who are supposed to be governing this Province.

As you will read in the attachments, I had a matter present itself with the BCSC in 2013 and went through the entire process of being wrongfully accused of committing a \$5.45 million fraud. And it is my allegation that once Staff realized their case lacked compelling evidence they did the unthinkable and manipulated a key document relied upon during the hearing.

I now have questions and demand answers to my allegations – I have tried to keep this internal (at the BCSC) but my request to the Chair (*Ms. Brenda Leong*) have went unanswered for the past few weeks. It is my opinion that the Chair of the BCSC is a public servant and should be held to accountability standards far more than others.

Are you able to help me obtain answers from the BC Liberal government? I contacted The Hon. Michael De Jong (who I am told would oversee the BCSC) and the reply from his office simply does nothing and only kicks the can down the road. I want answers to my questions and alarming allegations regarding Staff's actions at the BCSC.

I look forward to a response and thank you for reading my letter and the attachments.

My contact information is as follows:
